If you have applied for unemployment benefit and premium payment benefit (unemployment), your contract for those benefits will be provided by UK General Insurance Ltd on behalf of UK General Insurance (Ireland) Ltd for whom Scottish Provident acts as agent.

However, under data protection laws, we are both independently responsible for how your information is used and protected. But write to us with any queries you may have, and we will pass these on.

Claims for unemployment benefit and premium payment benefit (unemployment) will be managed by Trent, an administration service provider. They do this on behalf of your insurance provider, who is currently Surestone dac. However in all instances, you should send any correspondence relating to the benefits to us.

You can ask us for details of general reassurance principles or details of any company we use to assess your application, by writing to us at: New Business Department, Scottish Provident, 301 St Vincent Street, Glasgow G2 5PB.

## 14 Access to medical reports

We may need to get medical reports to support your application. Before we can ask any doctor that you have consulted to fill in a report, we need your permission under the Access to Medical Reports Act 1988 and the Access to Personal Files and Medical Reports (Northern Ireland) Order 1991. Your rights are as follows:

You do not need to give your permission, but if you do not, we may not be able to go ahead with starting your plan, your reinstatement or alteration. This does not prevent you from applying to other companies for insurance.

You can ask to see the report before the doctor returns it to us. If this is the case, we will tell the doctor to keep the report for 21 days so that you can arrange to see it. If you have not made arrangements to see the report within this time, your doctor will send the report to us.

If you choose not to see the report at this stage, you may ask the doctor for a copy within 6 months of it being sent to us. We can send a copy of the report to your doctor if you ask to see it at a later date.

If you think that any part of the report is not correct or is misleading, you may ask the doctor to amend it. If your doctor refuses to make the amendments, you may ask him or her to attach a statement outlining your views, which will then accompany the report.

Your doctor can withhold access to the report if he or she feels that it would cause physical or mental harm to you or others.

### The medical report your doctor fills in asks about the following:

- Your current health.
  - Any care, medication or treatment you are currently receiving
  - The results of referrals or tests you are waiting for
- Any time off work in the last 3 years
- Your past health
  - Details of any relevant illness, trauma, or referrals for specialist advice or treatment, hospital admissions, consultations with your doctor or any other medical adviser, therapist or counsellor, in particular whether you have a history of:
    - Malignancy (cancer), cardiovascular (heart) disease, diabetes, and degenerative (gradually worsening) diseases
    - Musculoskeletal disease or injury, for example, arthritis, rheumatism, back problems or any other disorder of the joints or muscles
    - Anxiety, depression, neurosis (such as phobias, obsessions and so on), psychosis (a mental disorder where you lose contact with reality), stress or fatigue
    - Suicidal thoughts or attempts at suicide; or
    - Conditions related to drug or alcohol misuse or smoking or chewing tobacco.
- Details of any biopsies, blood tests, electrocardiograms (heart tests), height, weight if measured in the last 2 years, urinalyses (tests on urine), x-rays or other investigations
- Any blood pressure readings in the last 3 years
- Any history of disease among your parents or brothers or sisters that you have told your doctor about.

### We have asked your doctor not to reveal information about:

- Negative tests for Human Immunodeficiency Virus (HIV), Hepatitis B or C
- Any sexually-transmitted diseases unless there could be long-term effects on your health; or
- Predictive genetic test results unless there is a favourable test result which shows that you have not inherited a condition your family suffers from.

### The information you and your doctor provide about your health may result in us:

- Refusing to provide insurance
- Increasing premiums above standard rates; or
- Setting premiums at standard rates.

**If you have any questions about your rights or questions relating to the process of getting, assessing or storing medical information, please write to us at: New Business Department, Scottish Provident, 301 St Vincent Street, Glasgow G2 5PB.**
